REASON FOR HEARING

- Suffolk Constabulary and East Suffolk Council's Environmental Protection Team have raised objections to the TEN given by Mr Alex Enderby (the premises user).
- Both objection notices were received within the prescribed consultation period after receipt of the TEN, as specified in the Licensing Act 2003. The police objection is based upon the licensing objective of the prevention of crime and disorder and the Environmental Health objection is based upon the licensing objective of prevention of public nuisance.

POINTS FOR CONSIDERATION

- The system of permitted temporary activities gives the Police and Environmental Health the opportunity to consider whether they should object to a TEN on the basis of any of the licensing objectives.

CONCLUSION

- The premises user has been advised of the objections that have been made and there may be mediation between the premises user and the objectors before the hearing in order to achieve agreement and dispense with the need for a hearing.
- In the event that this is not possible, the Sub-Committee will be asked to consider the objection notices.
- It should be noted that as the TEN has not been given in respect of a licensed premises the ability to impose conditions does not apply.

RECOMMENDATION

The Sub-Committee will be asked to consider the objection notices and has the option to:

- a) Allow the licensable activities to go ahead as stated in the notice.
- b) Issue the premises user with a counter notice, if it decides that the event would undermine the licensing objectives.

Depending on the decision of the Sub-Committee, the premises user and the Responsible Authorities, as objectors, have rights of appeal to the Magistrates Court.

When announcing its decision, the Sub-Committee is asked to state its reasons.

23/08/22	<p>23/08/22 at 16:25 by bh005</p> <p>"The applicant has not included any information with the application indicating how they intend to address the requirement to control the likelihood of 'Public Nuisance' arising from noise, as detailed in the East Suffolk Council's Statement of Licensing Policy. We would normally expect the applicant to engage with us at an early stage in the planning of a significant outdoor event on this scale to discuss noise management plans, predicted noise levels at sensitive receptors and measures to be implemented to set and control appropriate noise levels in accordance with the relevant codes of practice. We have received nothing, hence we have significant concerns about the ability of the organisers to comply with the Council's Statement of Licensing Policy and the relevant noise controls, hence we must object to this application."</p>	Ben Hunter
