## Background and Justification for Recommendation

1 Background facts	
1.1	The report is presented to Members as rolling reporting mechanism on how the Council is performing on both the quality and quantity of appeal decisions received from the Planning Inspectorate.
2 Current position	
2.1	A total of seven planning appeal decisions have been received from the Planning Inspectorate since the 20 September 2022 following a refusal of planning permission from East Suffolk Council.
2.2	A summary of all the appeal decisions received is appended to this report (Appendix A).
2.3	The Planning Inspectorate monitor appeal success rates at Local Authorities and therefore it is important to ensure that the Council is robust on appeals, rigorously defending reasons for refusal. Appeal decisions also provide a clear benchmark for how policy is to be interpreted and applications considered.
2.4	Very few planning refusals are appealed (approximately 20%) and nationally on average there is a 42% appellant success rate for major applications, 27% success rate for minor applications and 39% success rate for householder applications.
2.5	All of the appeal decisions related to applications which were delegated decisions determined by the Head of Planning and Coastal Management.
2.6	Of the planning appeals, five of the decisions were dismissed (71.4%) and two of the decisions were allowed (28.6%) by the Planning Inspectorate.
2.7	Four of the appeals were for minor applications with one allowed (25 %) and three dismissed (75%).
2.8	Three of the appeals were for householder applications and two were dismissed (66.6%).
2.10	There are no significant issues arising with the planning appeals which have been allowed, although the appendix provides a summary of learning points of all appeals.
2.11	Members will note there have been fewer appeal decisions than in the previous reporting period. However, the time period covered by this report is also shorter, which may explain that reduction, rather than reflecting any change in the rate of appeal decisions being issued.
