(2) The Council may by notice require a person who contravenes this article to remove, abate or rectify, within a reasonable time specified in the notice, any work, operation or omission to which the contravention relates and to restore the site thereof to its former condition; and if that person fails to comply with the notice, the Council may carry out the works so required and may recover from that person the cost of so doing.

(3) Nothing in this article shall apply to—

- (a) any operations or works specifically authorised by any enactment;
- (b) any operations or works of a statutory undertaker; or
- (c) any operations or works authorised by a moorings licence granted under article 42 of this Order.

(4) Any person who without reasonable excuse contravenes this article shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 4 on the standard scale.

Control of certain operations and works of statutory undertakers

50.—(1) This article applies to any operations or works in the harbour of a statutory undertaker on, under or over tidal waters or land below the level of high water, not being operations or works which are specifically authorised by an enactment.

(2) Subject to paragraph (3), a statutory undertaker must not carry out any operations or works to which this article applies unless it has given notice of its intention to do so to the Council and has supplied the Council with such particulars as it may reasonably require.

(3) Where, in an emergency, it is impracticable to give notice as required by paragraph (2), the statutory undertaker must inform the Council of the operations or works as soon as reasonably practicable.

(4) Any operations or works to which this article applies must be carried out subject to any directions which may from time to time be given by the Council to the statutory undertaker, being directions for the avoidance of danger and the prevention, so far as possible, of interference with navigation in the carrying out of such operations or works.

(5) Any person who, without reasonable excuse, contravenes this article shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Licensing of works

51.—(1) The Council may upon such terms and conditions as it thinks fit grant to any person a licence to construct, alter, renew or extend any works in the harbour on, under or over tidal waters or land below the level of high water, notwithstanding that the works as constructed, altered, renewed, or extended interfere with the public right of navigation or any other public right.

(2) Application for a works licence must be made in writing to the Council and must—

- (a) be accompanied by plans, sections and particulars of the works to which the application relates; and
- (b) specify whether the applicant holds such rights in, under or over land as are necessary to enable the applicant to enjoy the benefits of the licence and, if not, the action taken to enable the applicant to obtain such rights if the licence is granted,

and, in granting a licence, the Council may require modifications in the plans, sections and particulars so submitted.

(3) The Council may require an applicant for a works licence, on making the application, to pay a reasonable fee in respect of the administrative expenses of dealing with the application.

(4) As a condition of the granting of a licence, the Council may require a licensee, being an applicant to whom a licence has been granted or the applicant's successor, where works are constructed pursuant to the licence, to pay such reasonable fees in respect of the Council's administrative expenses and overheads in supervising or inspecting where necessary the construction or maintenance of the works.

(5) Where the Council refuses to grant a works licence which has been applied for it must give reasons in writing for its refusal.

(6) Where the Council grants a works licence upon terms or conditions or require any modification in the plans and particulars, it must give reasons in writing for the terms and conditions imposed or the modifications required.

(7) If within 16 weeks from the receipt of the application under paragraph (2) the Council does not grant a works licence, it shall be deemed to have refused the application.

(8) In the carrying out of operations in pursuance of a works licence, the holder of the licence must not—

- (a) interfere with, damage or otherwise injuriously affect any apparatus belonging to or maintained by any statutory undertaker; or
- (b) do anything which will obstruct or impede any work relating to the inspection or repair of any such apparatus,

without the consent of the statutory undertaker concerned.

Licence to dredge

52.—(1) The Council may upon such terms and conditions as it thinks fit grant to any person a licence to dredge in any part of the harbour.

(2) Application for a dredging licence must be made in writing to the Council and must be accompanied by plans, sections and particulars defining the nature, extent and manner of the operations to be carried out in the exercise of the powers granted by the licence, and in granting any such licence the Council may require modifications in the plans, sections and particulars so submitted.

(3) Paragraphs (3) to (8) of article 51 of this Order shall apply in relation to a dredging licence as they apply in relation to a works licence.

(4) Any materials, other than wreck within the meaning of Part IX of the Act of 1995, taken up or collected by means of dredging in pursuance of a dredging licence shall be the property of the holder of the licence and that person may use, sell or otherwise dispose of or remove or deposit the materials as that person thinks fit—

- (a) provided that no such material shall be laid down or deposited in any place within the harbour below the level of high water except in such positions as may be approved by the Council and subject to such conditions as may be imposed by the Council;
- (b) if it appears to the holder of the dredging licence that the Council has unreasonably withheld or refused its approval under paragraph (a) of this proviso or that any condition imposed by the Council under that paragraph is unreasonable, that person may appeal to the Secretary of State whose decision shall be binding upon the parties.

Appeals in respect of works or dredging licences

53.—(1) An applicant for a works licence or a dredging licence who is aggrieved by—

- (a) a refusal of the Council to grant a licence;
- (b) any terms or conditions subject to which the licence is granted; or
- (c) any modifications required by the Council in the plans, sections and particulars submitted by the applicant,

may, within 28 days from the date on which the Council notifies the applicant of its decision or the date on which the Council is, under article 51(7) of this Order, deemed to have refused the application, appeal to the Secretary of State.

(2) An appeal under paragraph (1) must be made by notice in writing stating the grounds of the appeal.

(3) The appellant must send to the Council a copy of the notice of the appeal; and the Council may, within 28 days of the receipt of the notice, furnish to the Secretary of State its observations on the appeal.

(4) The Secretary of State may confirm, vary or revoke the decision appealed against and may make such consequential amendments as the Secretary of State may specify.

(5) The Secretary of State may direct the Council to give effect to the decision, and the Council must forthwith comply with any direction given.

Obstruction of works

54. Any person who intentionally obstructs any person acting under the authority of the Council in setting out the lines of, or in construction of any works authorised by any enactment, or who interferes with, moves or removes any pole, stake, station point or bench mark established for the purposes of such setting out, shall be guilty of an offence and liable on summary conviction to a fine not exceeding level 3 on the standard scale.

Parking places and related facilities

55. The Council may provide facilities within the harbour for the parking of vehicles and for that purpose may erect barricades or fencing with related offices, waiting rooms and other conveniences and may make reasonable charges for the use of such facilities.

Removal of vehicles and vessels

56.—(1) If a vehicle or vessel is left within the harbour without permission of the Council—

- (a) in any place where it is likely to obstruct or interfere with the use of the harbour; or
- (b) in any part of the harbour where the parking of vehicles or leaving of vessels is prohibited by notice erected by the Council,

the Council may, at the risk of the owner, remove the vehicle or vessel or cause it to be removed.

(2) Any notice erected under paragraph 1(b) shall be conspicuously posted in or close to the place to which it relates.

(3) Where the Council in exercise of the powers of this article remove a vehicle or vessel or cause it to be removed it must as soon as practicable report that fact to a constable or to a police station.

(4) The expenses of and incidental to the removal of a vehicle or vessel under this article shall be recoverable from any person responsible.

(5) For the purposes of paragraph (4) “person responsible” means—

- (a) the owner of the vehicle or vessel at the time when it was put in the place from which it was removed under paragraph (1); or
- (b) any person by whom the vehicle or vessel was put in that place.

(6) If the Council in the exercise of the powers of the article remove a vehicle to a place not readily visible from the place whence it is so removed the Council must, as soon as it is reasonably practicable to do so, send to the person for the time being registered as the keeper of the vehicle for the purposes of the Road Vehicles (Registration and Licencing) Regulations 2002^(a) or any other regulations having the like effect for the time being in force, at that person’s last known address, the person’s registered address or the address where the vehicle is ordinarily kept, notice that they have exercised the powers of the article and of the place to which the vehicle has been removed.

(7) A notice stating the general effect of paragraph (1) must be displayed in a prominent position at each place where a road accessible to vehicles enters any part of the harbour.

Power with respect to disposal of wrecks

57.—(1) In its application to the Council, section 252 of the Act of 1995 (powers of harbour and conservancy authorities in relation to wrecks) has effect in relation to the harbour and its

(a) S.I. 2002/2742.

approaches in relation to a vessel sunk, stranded or abandoned before, as well as after, the coming into force of this Order.

(2) Subject to paragraph (3), and to any enactment for the time being in force limiting a person's liability, the Council may recover from the owner of any vessel sunk, stranded or abandoned on or after the date of coming into force of this Order in relation to which it has exercised its powers under section 252 any expenses reasonably incurred by it under that section in relation to that vessel which are not reimbursed out of any proceeds of sale within the meaning of that section.

(3) Except in a case which is in the opinion of the Council an emergency, paragraph (2) shall not apply in relation to any vessel unless, before exercising in relation to that vessel any of the powers conferred on it by section 252, other than the power of lighting and buoying, the Council has given to the owner of the vessel not less than 48 hours' notice of its intention to do so.

(4) If before the notice expires the Council receive from the owner counter-notice in writing that the owner desires to dispose of the vessel themselves, the owner shall be at liberty to do so; and the Council shall not exercise the powers in section 252 in relation to that vessel until the expiration of seven days from the receipt of the counter-notice and of any further continuous period thereafter during which the owner of the vessel proceeds with the disposal thereof with all reasonable diligence and in compliance with any directions for the prevention of interference with navigation which may be given to the owner by the Council.

(5) Notice under paragraph (3) to the owner of any vessel may be served by the Council either by delivering it to the owner or by sending it to the owner by registered post or the recorded delivery service addressed to the owner at their last known place of business or abode in the United Kingdom or, if the owner or any such place of business or abode is not known to the Council, or is not in the United Kingdom, by displaying the notice at the harbour office of the Council and electronically on its website for the period of its duration.

(6) In this article "owner", in relation to any vessel, means the person who was the owner of the vessel at the time of the sinking, stranding or abandonment.

(7) The powers conferred on the Council by this article shall be in addition to and not in derogation of any other powers exercisable by it for or with respect to the removal of wrecks within the harbour and the approaches thereto.

Power to deal with unserviceable vessels

58.—(1) In addition to the powers conferred on the harbour master by section 57 of the Act of 1847 (unserviceable vessels to be altogether removed from harbour) and on the Council by section 252 the Act of 1995 (Powers of harbour and conservancy authorities in relation to wrecks) the Council may sell, break up or otherwise dispose of any vessel which is unserviceable and has been laid by or neglected in the harbour or on land immediately adjoining the harbour.

(2) The Council may retain out of the proceeds of sale and such vessel, or any part of such proceeds, any expenses incurred by it in respect of the vessel, or in marking, buoying, lighting or otherwise controlling the vessel or warning shipping of its presence and any expenses incurred by the harbour master under section 57 of the Act of 1847 and must pay the surplus, if any, to the person or body entitled to that surplus.

(3) If the proceeds of the sale are insufficient to reimburse the Council for the said expenses, or there is no sale, the Council may recover the deficiency, or where there is no sale, the whole of the expenses, from the owner as a simple contract debt.

(4) Except in the case of emergency, the Council must, before exercising its powers under this article, give 14 days' notice in writing of its intention to do so to the registered owner of the vessel and by advertisement in each of two successive weeks in a local newspaper circulating the area of the harbour, provided that, if the registered owner or their place of business or address is not known to the Council or is outside of the United Kingdom, the notice may be given by displaying it at the harbour office of the Council and on its website for two successive weeks.

Removal of obstructions other than vessels

59.—(1) The Council may remove anything, other than a vessel, causing or likely to become an obstruction to, or cause interference with, navigation in any part of the harbour or any approach to the harbour.

(2) The Council may take such steps as appear to it to be appropriate to prevent or minimise such obstruction or interference for the purposes of paragraph (1).

(3) If anything removed by the Council under paragraph (1) is so marked as to be readily identifiable as the property of any person, the Council must, within 28 days of its coming into the Council's custody, give written notice to that person stating that—

- (a) upon proof of ownership to the reasonable satisfaction of the Council; and
- (b) upon payment of any reasonable expenses incurred by the Council under this article,

possession may be re-taken at a place named in the notice within the period specified in the notice (being not less than 14 days after the notice is served).

(4) If for the purposes of this article possession of anything removed is not so retaken it shall at the end of that period vest in the Council.

(5) Notwithstanding the provisions of paragraph (3) the Council may, at such time and in such manner as it thinks fit, dispose of anything removed under paragraph (1)—

- (a) which is not so marked as to be readily identifiable as the property of any person; or
- (b) which is of a perishable nature or the custody of which involves unreasonable expense or inconvenience.

(6) If anything disposed of by the Council under this article is sold, the Council must place a notice at the harbour office and on its website for a period of 28 days giving details of the property sold and may retain out of the proceeds of sale any expenses incurred by it under this article, and any surplus from the proceeds—

- (a) must be paid to any person who within 24 months from the time when the property came into the custody of the Council proves to the reasonable satisfaction of the Council that they were the owner at that time; or
- (b) if within the said period no person proves their ownership at the said time, shall vest in the Council.

(7) If the proceeds of sale of anything removed under this article are insufficient to reimburse the Council for the expenses set out in paragraph (6), or there is no sale because the property is unsaleable, the Council may—

- (a) recover the deficiency; or
- (b) where there is no sale, the whole of the expenses,

from the person who was the owner at the time when the thing removed came into the custody of the Council or who was the owner at the time of its abandonment or loss.

(3) Where a person on whom a notice or other document is to be served has agreed in writing that service may be by email, or other electronic means, the Council may provide notices by that means until such time as the person informs it in writing that they are no longer willing to receive notices or documents by email or by such other electronic means.

 - (ii) either leaving it in the hands of a person who is or appears to be resident or employed on the land or leaving it conspicuously affixed to some building or object on or near the land,
- (b) in the case of a notice or document relating to a vessel (including a wreck), it may be served by exhibiting it in a conspicuous position on or near the vessel (unless it would not be reasonably practicable to exhibit the notice or document in this manner or if the notice or document would not be likely to be seen if it were so exhibited) or by handing it to a member of the crew; and
- (c) in the case of any other notice or document or a notice or document that is not capable of being served pursuant to sub-paragraph (b) it may be served by displaying it at the harbour for the period of its duration.
