East Suffolk Community Partnerships Board - Transport and Travel Task Group

East Suffolk Travel and Transport Improvement Programme

13 December 2023

RECAP

- Access to transport remains a key component to tackle all four of the Boards priorities
- Task group has been exploring how can we create sustainable transport outcomes
- Focus on Demand Responsive Community Transport and active Travel
- “Sustainability” doesn’t need to be defined by finances alone.

Mobile Application

“flexiroute” is a low cost, established technology.

However, Lessons have been learned about compatibility of this app.

NEXT STEPS?

Short term:

- Secure future of Buzzabout and Katch and roll out transport app
- Support Cycling and Walking Group to deliver active travel goals

Long term:

- Review changing transport landscape in Suffolk
- Work collaboratively to develop sustainable transport model

Funding options:

- Hold £20k currently allocated to Active Travel for possible projects from the East Suffolk cycling and walking group.
- Reallocate £50k currently allocated to a third DRT Pilot to match fund BSIP+ applications for Buzzabout and Katch
