Background and Justification for Recommendation

1 Background facts	
1.1	Governance is about how the Council ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner. It comprises the systems and processes, and cultures and values, by which such bodies are directed and controlled and through which they account to, engage with, where appropriate, lead their communities.
1.2	The Council strives to meet the highest standards of corporate governance to help ensure it meets its objectives. Members and officers are responsible for putting in place proper arrangements for the governance of the Council's affairs and the stewardship of the resources at its disposal.
2 Current position	
2.1	The most recent publication providing local authorities with guidance on good governance was "Delivering Good Governance in Local Government" (CIPFA / SOLACE 2016), which built on principles previously set out in the "International Framework: Good Governance in the Public Sector" (CIPFA/IFAC 2014) publication.

2.2	<p>The importance of local authority governance and culture has been highlighted due to a series of high-profile failings and government interventions. A series of recent reports and publications draw attention to the current governance challenges facing all local authorities:</p> <p>2019 Local authority governance (National Audit Office)</p> <p>2019 Local Government Governance and Accountability (Committee of Public Accounts)</p> <p>2020 Addressing cultural and governance failings in local authorities: lessons from recent interventions (MHCLG)</p> <p>2022 Understanding the challenge to local authority governance (CIPFA)</p>
2.3	<p>The Code of Corporate Governance sets out how East Suffolk Council applies good governance principles and was last formally refreshed in December 2020.</p>

East Suffolk Council

Code of Corporate Governance

September 2022

1. Introduction

This document sets out how East Suffolk Council intends to apply the principles of corporate governance in the way it operates and conducts its business. It has been developed in accordance with the principles outlined in the framework and guidance notes by the Chartered Institute of Public Finance and Accountancy (CIPFA) and the Society of Local Authority Chief Executives (SOLACE) “Delivering Good Governance in Local Government” (2016).

In order to demonstrate its approach to good governance, this Council maintains an up to date local Code of Corporate Governance (“the Code”) and prepares an Annual Governance Statement. These two documents together set out respectively the arrangements for ensuring ongoing effectiveness and publicly reporting on compliance with the Council’s governance framework.

2. What is Governance?

The CIPFA / IFAC guidance “International Framework: Good Governance in the Public Sector” (2014) defines governance as follows:

Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved.

Governance is about how the Council ensures that it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner. It comprises the systems and processes, cultures and values by which the organisation is directed and controlled and through which it is accountable to, engages with, where appropriate, and leads its communities.

Good governance enables the Council to define and pursue its vision more effectively. It leads to improvements in management, performance, stewardship of public money and public engagement and outcomes for individuals and the community. It ensures that appropriate mechanisms for control are in place and that risks and opportunities are managed effectively.

3. Core Principles of Good Governance

East Suffolk Council recognises and adheres to the following core principles taken from the “International Framework: Good Governance in the Public Sector” (CIPFA/IFAC 2014) and the “Delivering Good Governance in Local Government” (CIPFA/SOLACE 2016)

Overarching principles for acting in the public interest:

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting rule of law.
- B. Ensuring openness and comprehensive stakeholder engagement.

Additional principles for good public sector governance:

- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits.
- D. Determining the interventions necessary to optimise the achievement of the intended outcomes.
- E. Developing the Council’s capacity, including the capability of its leadership and the individuals within it.

- F. Managing risks and performance through robust internal control and strong public financial management.
- G. Implementing good practices in transparency reporting, and audit to deliver effective accountability.

Principles A and B underpin the governance framework and implementation of principles C to G. The diagram below shows how the principles relate to each other.
