

Membership Pledge

As local leaders across the UK, we recognise our responsibility to tackle the climate emergency and take bold action towards Net Zero.

We will continue to lead the UK's response to climate change, acting sooner than the government's goal by making substantial progress within the next decade to deliver Net Zero. We will use our experience and achievements to advocate to the UK government in order to accelerate the delivery of ambitious local climate action. **With greater powers and funding, we would go further.**

We commit to do everything within our power and influence to rapidly reduce our greenhouse gas emissions and work with our residents and businesses to bring our wider communities' emissions in line with Net Zero as soon as possible.

We pledge to understand our impact on climate change, prioritise where action needs to be taken and monitor progress towards our goals. We will reduce our emissions at source and limit the use of carbon offsets as part of the global effort to avoid the worst impacts of climate change.

We are closer to the people who live and work in our communities, so we have a better understanding of their needs. This means we can collaborate with them to build consensus for the solutions we need to transition to a Net Zero society that delivers multiple benefits and is fair, just and works for everyone.
