

## **Formal Response to East Suffolk Council's Public Spaces Protection Order Consultation**

Submitted on 13<sup>th</sup> November 2023 by: The Kennel Club, Clarges Street, Piccadilly, London W1J 8AB, email: [kcdog@thekennelclub.org.uk](mailto:kcdog@thekennelclub.org.uk)

The Kennel Club is the largest organisation in the UK devoted to dog health, welfare, and training. Our objective is to ensure that dogs live healthy, happy lives with responsible owners. We campaign for and advocate on behalf of dogs and their owners and, as part of our external affairs activities, engage with local authorities on issues such as Public Spaces Protection Orders (PSPOs).

The Kennel Club is the only national organisation named by the UK Government as a body that local authorities should consult prior to introducing restrictions on dog walkers and is considered the leading canine authority on dog access. As such, we would like to highlight the importance of ensuring that PSPOs are necessary and proportionate responses to problems caused by dogs and irresponsible owners. We also believe that it is essential for authorities to balance the interests of dog owners with the interests of other access users.

### **Response to proposed measures**

#### **On lead**

We can support reasonable 'dogs on lead' Orders which can, when used in a proportionate and evidence-based way, include areas such as cemeteries, picnic areas, or on pavements in proximity to cars and other road traffic.

#### **Exclusions**

The Kennel Club opposes PSPOs which introduce blanket restrictions on dog walkers accessing public open spaces without specific and reasonable justification. Dog owners are required to provide their dogs with appropriate daily exercise, including "regular opportunities to walk and run", which in most cases will be off lead while still under control.

Their ability to meet this requirement is greatly affected by the amount of publicly accessible parks and other public places in their area where dogs can exercise without restrictions. This section of the Animal Welfare Act was included in the statutory guidance produced for local authorities by the Home Office on the use of PSPOs.

Accordingly, the underlying principle we seek to see applied is that dog controls should be the least restrictive to achieve a given defined and measurable outcome; this is the approach used by Natural England. In many cases, a seasonal or time of day restriction will be effective and the least restrictive approach, rather than a blanket year-round restriction. For instance, a "dogs on lead" order for a picnic area is unlikely to be necessary in mid-winter.

The Government provided clear instructions to local authorities that they must provide restriction free sites for dog walkers to exercise their dogs. This message was contained in the guidance document for DCOs, and has been retained in both the Defra/Welsh Government and Home Office PSPO guidance documents, with the Defra guidance for

PSPOs stating 'local authorities should ensure there are suitable alternatives for dogs to be exercised without restrictions'.

### **Assistance dogs**

The Kennel Club welcomes the exemptions proposed in this Order for assistance dogs. We urge the Council to review the Equality and Human Rights Commission's guidance for businesses and service providers when providing any exemptions for those who rely on assistance dogs. The guidance can be viewed here:

### **Appropriate signage**

It is important to note that in relation to PSPOs, The Anti-social Behaviour, Crime and Policing Act 2014 (Publication of Public Spaces Protection Orders) Regulations 2014 makes it a legal requirement for local authorities to –

“cause to be erected on or adjacent to the public place to which the order relates such notice (or notices) as it considers sufficient to draw the attention of any member of the public using that place to -

- (i) the fact that the order has been made, extended or varied (as the case may be); and
- (ii) the effect of that order being made, extended or varied (as the case may be).”

Regarding dog access restrictions, such as a 'Dogs on Lead' Order, on-site signage should clearly state where such restrictions begin and end. This can be achieved with signs that say on one side, for example, 'You are entering [type of area]' and 'You are leaving [type of area]' on the reverse.

While all dog walkers should be aware of their requirement to pick up after their dog, signage must be erected for the PSPO to be compliant with the legislation.
