1 Introduction

The Statement of Community Involvement sets out the measures and actions East Suffolk Council will take to consult and engage with the community during the preparation of planning policy documents, such as Local Plans and Supplementary Planning Documents, and when determining planning applications. In line with the Public Sector Equalities Duty, any consultation measures used by the Council must ensure that all groups and individuals in the community have equal opportunities to participate.

The Statement of Community Involvement is required by section 18 of the Planning and Compulsory Purchase Act of 2004. These regulations state that local planning authorities need to explain how they will engage local communities and other interested parties in the production of planning policy documents and the planning application process.

There are currently no regulatory requirements to consult during the preparation of a new Statement of Community Involvement. However, in order to follow best practice, the Council took the decision to undertake consultation on the Draft Statement of Community Involvement. This Consultation Statement was produced to accompany the Draft Statement of Community Involvement which was published for consultation between 19th October 2020 and 7th December 2020. This Statement has subsequently been updated to reflect the responses received during that consultation.

The Statement of Community Involvement has been written in collaboration with other teams in the Planning Service, including Development Management, Major Sites and Infrastructure and the Planning Support Team.

2. Preparation of the Draft Document

The Planning Policy and Delivery Team worked in collaboration with the following groups and teams within the Council as part of the preparation of the Statement of Community Involvement:

- East Suffolk Council Development Management Team
- East Suffolk Council Major Sites and Infrastructure Team
- East Suffolk Council Planning Support Team
- East Suffolk Council Local Plan Working Group

3. Public Consultation

Following the production of the Draft Statement of Community Involvement, a seven-week public consultation took place between 19th October and the 7th December 2020. The consultation was advertised using posters, a press release and social media posts. The poster and an example Twitter post can be found in Appendix 3. Those on the Council's planning policy consultation database were contacted directly by email or letter and the list of consultation bodies can be found in Appendix 1.

The consultation was made up of two parts:

1. Draft Document

The first part of the consultation was the full Draft Statement of Community Involvement document, which was made available for comment. Comments could be made on the document directly through the Council's website. Comments were also accepted via email and letter. A summary of the comments received and the Council's response are set out in Appendix 4.

2. Questionnaire

A questionnaire was used to supplement the Draft Statement of Community Involvement consultation. This gave members of the public who may not want to read and engage with a long technical document the opportunity to provide their thoughts and ideas to further develop the Council's consultation processes.

The questionnaire consisted of seven questions, focussing on the public's experience of Planning Policy consultations to date, as well as exploring different consultation methods which the Council could use. This questionnaire only related to Planning Policy consultations (Local Plan, Supplementary Planning Documents, Community Infrastructure Levy Charging Schedule and Neighbourhood Plan consultations), and not consultations on planning applications.

The questionnaire was available to complete online via the Council's website. Paper copies of the questionnaire were also available on request. A copy of the questionnaire can be found in Appendix 2. A summary and analysis of the response can be found in Appendix 5.

The consultation documents were made available on the East Suffolk Council website at:

<https://eastsuffolk.inconsult.uk/consult.ti/DraftSCI2020/consultationHome>

Due to the social distancing restrictions and the national lockdown as the result of the Covid-19 pandemic, libraries and other public spaces were not accessible during the consultation period. Therefore, paper copies of documents could not be made available at these locations. Physical copies of documents were, however, sent out on request.

In total 97 individuals and organisations responded to the consultation through both the questionnaire and commenting directly on the draft document. In total, 267 comments were received.

Full copies of the consultation responses have been published on the Council's website at:

- St Luke’s Church

Appendix 2: Questionnaire

Draft Statement of Community Involvement How to get Involved in Local Planning

You can also complete this questionnaire online www.eastsuffolk.gov.uk/planningpolicy

Local planning affects everyone by shaping the areas where people live, work and visit. The Local Plan identifies sites for new housing and employment and sets out policies to shape future development. Other policy documents set out more detail and guidance on how Local Plan policies are to be used in coming to decisions on planning applications.

We have prepared a draft Statement of Community Involvement which sets out how East Suffolk Council could engage with the community during the preparation of Local Plans and other planning policy documents, as well as coming to decisions on planning applications. You can view the draft at www.eastsuffolk.gov.uk/planningpolicy. The following questions will help us understand how best to engage the community in the planning process.

Please Note – This questionnaire only relates to the preparation of Local Plans and other planning policy documents, as well as the stages where the Council has specific responsibilities during the preparation of Neighbourhood Plans. **This questionnaire does not relate to planning application consultations.**

The poster features the East Suffolk Council logo in the top left. The main title is 'HOW DO YOU WANT TO ENGAGE WITH LOCAL PLANNING?' in large, bold, blue letters. Below the title, it states 'Local planning identifies sites for new housing and employment and sets out policies to shape future development.' The poster is divided into two main sections: 'What are we doing?' and 'How can you get involved?'. The 'What are we doing?' section explains the council's goal to hear views on engagement and mentions a draft Statement of Community Involvement. The 'How can you get involved?' section lists two ways: 'COMPLETE A QUESTIONNAIRE' (helping by answering seven key questions) and 'COMMENT ON THE DOCUMENT' (providing thoughts on the draft). A dark blue box at the bottom left provides contact information: 'Find out more and give your views: www.eastsuffolk.gov.uk/planningpolicy', 'Alternatively, please send comments to: East Suffolk Council, Planning Policy & Delivery Team, Riverside, 4 Canning Road, Lowestoft, Suffolk NR33 0EQ', and 'Email: planningpolicy@eastsuffolk.gov.uk, Phone: 01304 444557 / 01502 523029'. A light blue box at the bottom right is titled 'Other consultations' and mentions a new Supplementary Planning Document for protected habitat sites, with a link to the council's website.

Appendix 4: Responses on Draft Statement of Community Involvement

Name/ Organisation	Comment ID	Type of response	Document section	Comment Summary	Council Response	Action
Andrew White	1	Observation	How will the Council involve you in the preparation of the Local Plan?	Local Development Scheme – Want some understanding as to when consultations for proposed development sites commence to provide meaningful input and inclusivity.	The Local Development Scheme is updated annually to provide a timeline for the creation of Planning Policy documents such as the Local Plan. This is just one of the methods used to promote the beginning of the Local Plan creation process. Other methods are outlined in the Statement of Community Involvement.	None.
Marya Parker	2	Observation	Methods the Council can use	Councils website – Using website is very helpful when policies are clearly explained as at present, however not everyone has access to internet, dedicated library PCs could be useful.	The Council appreciates that not everyone will have access to the internet. Therefore, efforts are made to ensure that any documents being consulted on are available in other formats and in public locations, such as	None.

					libraries and Customer Service Centres, when this is possible. However, the Council does not have the authority to determine what Libraries display or to dedicate computers to Council services.	
Marya Parker	3	Observation	Methods the Council can use	Council should seek consent to email all council tax payers with notification of upcoming consultations.	Due to the regulations outlined in the General Data Protection Regulations, the Council can only use personal data for the purposes of which it was originally collected. Therefore, using data such as email addresses for planning matters that have been collected for the purposes of council tax payments would be against these regulations.	None.

Marya Parker	4	Observation	How will the Council involve you in the preparation of the Local Plan?	I assume you notify charities, community interest companies and community projects that may have valuable contributions.	The Council has a number of organisations, both public and private, listed on its Local Plan and Related Documents Mailing List, who are all informed of new Planning Policy consultations. The Council will also approach organisations who may have a special interest in a document where this is relevant.	None.
Norman Castleton	5	Observation	Introduction	I have tried to participate. Perception we are generally ignored with no feedback. Feedback could encourage participation.	The Council agrees that feedback from consultations is valuable in showing how the public have influenced the development of a document. The Council produces a Consultation Statement following most consultations to show this and will endeavour to publicise these further to encourage greater participation in the future.	The Statement of Community Involvement has been changed to highlight the importance of consultation statements and that these will be publicised to show how comments have been considered.

<p>Norman Castleton</p>	<p>6</p>	<p>Observation</p>	<p>Introduction</p>	<p>If new planning regulations/developers charter allow development under almost any circumstance without community involvement, what is point in Statement of Community Involvement?</p>	<p>The proposals in the recent government White Paper 'Planning for the Future' have only recently been consulted on and so any potential changes to the planning system are likely to be some time away. Also, it is not yet known what changes may result from the White Paper. Therefore, there is still a need for the Statement of Community Involvement to be developed.</p>	<p>None.</p>
<p>Norman Castleton</p>	<p>7</p>	<p>Observation</p>	<p>The Planning Service</p>	<p>Won't be any participation according to government policy.</p>	<p>The proposals in the recent government White Paper 'Planning for the Future' have only recently finished their consultation and no changes to the planning system have been confirmed. It will likely be some time before any potential changes, whatever these may be, will come into force.</p>	<p>None.</p>

					Therefore, there is still a need for the Statement of Community Involvement to be developed.	
Norman Castleton	8	Observation	Role of the Council	Planning Policy and Delivery – Neighbourhood Plans are good if followed but evidence they can be overridden by Council.	Once a Neighbourhood Plan is ‘made’, the polices contained within it hold the same weight as those contained within the Local Plan. The only time a Neighbourhood Plan policy may not be implemented is when there is a conflict with the Local Plan. In this situation, the Local Plan policy takes priority as according to the national regulations. However, situations such as this are rare.	None.

Norman Castleton	9	Observation	Role of the Council	Development Management – no need for this as current process is proficient, just a means of developers overriding the council’s precautionary principals and procedures.	This is outside the scope of the Statement of Community Involvement and explains the role of the Development Management Team.	None.
Norman Castleton	10	Observation	Role of the Council	Major Sites and Infrastructure Team – entirely unnecessary.	The Major Sites and Infrastructure Team will allow the Council to provide the sufficient resources and time that is needed to ensure large scale sites are delivered in a sustainable way.	None.
Norman Castleton	11	Observation	Role of the Council	Councillors - Process could be swayed by political influences.	Councillors are required to be impartial during the planning process, such as at a planning committee, according to the East Suffolk Constitution.	None.
Norman Castleton	12	Observation	Getting involved in the preparation of Planning Policy Documents	Yet to see how comments affect application. Would like to see more environmental enhancements. Norman Castleton	21	Observation	How will the Council involve you in the Preparation of Supplementary Planning Documents?	Pre-production and evidence gathering – only if there is serious intent.	These comments have been noted.	None.
Norman Castleton	22	Observation	Housing Land Supply	No public say or involvement?	The Housing Land Supply Statement is a technical analysis of the deliverability of sites which are already allocated or have permission. Consultation with stakeholders such as the development sector enables the Council to understand matters specifically relating to site delivery.	Provide clarity that the Housing Land Supply Statement relates to sites which already have permission, have a resolution to grant subject to S106 agreement or are allocated.

Norman Castleton	23	Observation	Appendix 2	Many of these are not observed at the moment, e.g. building on greenfield agricultural sites, floodplains, affordable housing and density.	The list explains what matters can and cannot be considered in respect of determining planning applications rather than an assessment of the acceptability of a proposal.	None.
Judie Shore	24	Observation	Introduction	Need to consider hidden bias towards development. Wording should allow for support and objection to development whether high quality or not.	Sites considered for development and planning applications are all considered on their own merit. Judgements are made based on the opportunities and constraints of the site or proposal. Comments from the public, whether in support or objection, are welcomed by the Council to ensure that a balanced and robust decision is taken.	None.
Michelle Golding	25	Observation	Approach to Engagement	Can all documents be produced in 'easy read' format to make them more accessible?	The Council does its utmost to ensure that plain English is used and that technical language is avoided as much as possible. The Council also tries to keep	None.

					documents as concise as possible. However national Regulations set out requirements that documents must meet in order to be adoptable. This does mean that, in some cases, technical language and certain aspects or parts of documents may be needed in order for the Council to be able to legally adopt them.	
Michelle Golding	26	Observation	Appendix 2	Very long document and devil is in the detail. A short easy read summary for each section would benefit everyone including those who may wish to refer to the main document.	The Council will always endeavour to use plain English and to keep documents as concise as possible. 					Council to be able to legally adopt them.	
Margaret Hallett	27	Observation	Introduction	Statement is worthy but sceptical will be adhered to.	Once the Statement of Community Involvement has been adopted by the Council, all consultations that the document covers will be required to meet its conditions.	None.
Margaret Hallett	28	Observation	Introduction	Locals without internet must be able to access documents in an accessible location or be able to receive by post.	The Council appreciates that not everyone has access to the internet. Therefore, wherever possible, we will provide copies of documents in different formats at accessible locations, such as libraries and Customer Service Centres, to ensure individuals are not excluded from engaging. The Councils position on sending out physical documents by post will be kept under review,	None.

					<p>this has been an integral part of our consultation processes during the COVID-19 crisis.</p>	
<p>Margaret Hallett</p>	<p>29</p>	<p>Observation</p>	<p>Role of the Council</p>	<p>Planning Policy and Delivery – unclear how much weight Neighbourhood Plans have when Local Plan is being developed, experience in former Suffolk Coastal area shows they can be overridden.</p>	<p>The policies of a ‘made’ Neighbourhood Plan hold the same weight as those contained within the Local Plan. If an application is formally submitted then consultation with the community ensues.	
Margaret Hallett	31	Observation	Role of the Council	Major Sites and Infrastructure – very unclear especially in relation to CIL and S106 Agreements. They appear to be applied correctly but haphazard in checking that the aim is fulfilled and checked.	These comments have been noted. The Council is currently working towards the implementation of the Execom system, which will provide clarity on how and why Section 106 and Community Infrastructure Levy payments have been applied and spent. Margaret Hallett	33	Objection	Methods the Council can use	Social media – not sensible, told that it is difficult to secure these platforms.	Social media is extremely valuable when trying to engage with certain members of the community, however it is just one of the methods the Council will use to promote consultations. The Council does monitor these platforms to ensure any discussions taking place are appropriate.	None.
Margaret Hallett	34	Observation	Methods the Council can use	Public Exhibitions – frequently they are for a very brief time, can be difficult to organise but should be open 9:30 – 18:00, virtual events are only helpful for those with high-speed broadband.	The durations of public exhibitions are based on the availability of officers and the location. Margaret Hallett	35	Observation	Methods the Council can use	Direct contact – this is essential for those who do not use computers.	The Council agrees that direct contact with officers can be one of the most effective ways to convey the Councils ambitions and visions for the area. Margaret Hallett	41	Observation	Appendix 2	What about consideration of local infrastructure, adding housing where already problems such as school places, sewerage, medical capacity and traffic should be considered.	Local infrastructure capacity is a key consideration when both allocating sites for development in the Local Plan and when determining planning applications. In both cases the Council will engage with key providers of services and infrastructure to determine the current capacities of each and if the proposed development would push these services to over-capacity. If there is a need for capacity to be increased, this will be considered in relation to the development.	None.

The consultation portal used for consultations has been created by an organisation outside of the Council. The Council will, however, always endeavour to make consultations as easy to access as possible.</p>

James Coulson	43	Observation	Approach to Engagement	Welcome new means of communication and social media is more relevant now, however should be wary of those who galvanise the community to skew responses. Need to keep information concise.	The Council agrees that social media is becoming more important for communicating with the public. The Council is also aware that there is the potential for communication on these platforms to become skewed and therefore monitors the communication on these platforms carefully. The Council will try to keep documents concise and using plain English where possible, however the documents must still meet the national Regulations in order to be adopted by the Council.	None.

David Robertson	51	Observation	Introduction	Use as many methods as possible not just social media, perhaps make use of Council Tax bills?	The Council will make use of as many methods as possible to engage the local community. This way we can ensure that as many people as possible have been actively engaged. Due to the regulations outlined in the General Data Protection Regulations, the Council can only use personal data for the purposes of which it was originally collected.	None.

					Therefore, using data such as email addresses for planning matters that have been collected for the purposes of council tax payments would be against these regulations.	
David Robertson	52	Observation	Introduction	Council should do utmost to communicate what has changed due to COVID 19, such as no site notices.	Throughout the COVID-19 crisis, the Council has released publicity material and updates on the Council website outlining the measures that have been taken to mitigate the impacts of the crisis whilst also allowing consultations to continue.	None.
David Robertson	53	Observation	Getting Involved in the Planning Application Process	Council should do more to ensure applications are appropriate before accepting them, especially regarding nature of drawings which are not always to scale and clear maps.	The Council has a Local Validation List which sets out what documents are requiring to enable an application to be submitted.	None.

Framlingham Town Council	59	Observation /Objection	Role of the Council	Development Management - pre-application discussions are confidential which is counter to LGA 'Pre-Application Suite' (2014). Freedom Of Information Act 2000 includes presumption in favour of disclosure of information, including pre-application discussions, unless this would cause adverse impacts (Regulation 12 Environment Information Regulations 2004). Should not be presumption of confidentiality.	Pre-application discussions are confidential between applicant and officer. In providing responses officers do widely promote community and parish engagement prior to formal submission in line with the Statement of Community Involvement although it is the applicant's choice whether to engage. If an application is formally submitted, then consultation with the community ensues.	None.

Framlingham Town Council	60	Observation	Role of the Council	Councillors – this section continues potential for lack of transparency concerning Referral Panel where Officer is ‘minded to’ make a decision contrary to Town/Parish Council, Ward Member or Statutory Consultee. Boyton Parish Council	66	Observation	The Planning Service	Consultation process does not focus on climate change. All policies should be consistent with climate emergency, not just 'planning policies'. Local level planning policy should be led by climate emergency e.g. pre-supposition against most development rather than for it.	Climate change and its potential impacts are integral to all planning decisions. Joanna Barfield	71	Observation	The Planning Service	This section of document is very important. The service communicates strategic needs and site-specific policies which shape the area. Different roles need to be clear to avoid confusion and misinterpretation, especially who to send comments to. Officers also need to be fully aware of roles and responsibilities to ensure full engagement.	Outlining the roles of each part of the system and highlighting the work that they do is one of the key aims of the Statement of Community Involvement. By doing this the Council believes this will make the planning system clearer for members of the public to become more engaged with planning.	None.

Joanna Barfield	72	Observation	Role of the Council	Planning Policy - To what extent does CIL influence the outcome of an application? What is a Local Development Order? Joanna Barfield	75	Observation	Role of the Council	Councillors – Can a member of the community attend a site visit? If so, under what conditions? Are planning applications normally determined by a single planning officer?	No application is considered by a single officer. Appendix 5: Questionnaire Analysis

Question 1 – Multiple Choice Analysis

The results of this question show that most people who responded to the questionnaire do normally participate in other planning policy consultations. A large proportion (around a third) of respondents said they don't normally get involved in planning policy consultations.

An analysis of the written responses to this question suggest a number of reasons why some may not always participate. This included:

- the use of technical language which is seen as isolating,
- a lack of public awareness of most consultations,

- a lack of time to read long documents,
- the potential impact of the consultation on the given person, and,
- the public feeling their views are not genuinely taken into account.

The Statement of Community Involvement has been updated to make greater use of different publicity methods to try to access a larger proportion of the community. The Statement of Community Involvement also reinforces the Council's continuing work to reduce the amount of technical language used and to write in plain English wherever possible. Changes have also been made to ensure that Consultation Statements, and the feedback within them, are more widely publicised so the public can see how their views have been taken into account.

All comments received are considered during this process and a decision is made based on these and the policies in the adopted Local Plans. All applications are considered on their own merit.</p>	<p>None.</p>

David Greenacre	1) Do you normally participate in East Suffolk planning policy consultations?	Observation	Had not engaged with process as I was unaware it existed.	These comments have been noted. The Council has a Local Plan and Related Documents Mailing List, as stated in the Statement of Community Involvement, which member so the public can sign up to so they can be informed of new planning policy consultations. The Council also uses multiple digital and non-digital methods to advertise consultations, such as social media, press releases and the Council's website.	The Statement of community Involvement has been changed to highlight the importance of publicity techniques, such as press releases, to increase awareness of planning policy consultations.
Trevor Barrel	1) Do you normally participate in East Suffolk planning policy consultations?	Observation	To see more evidence that the people who decide what happens to the environment are not politically driven or by big powerful industrial influences but take into consideration what people need and are happy with. The local councillors although democratically elected, once in power they need to engage with the people they represent and not go on a self-orientated ego trip.	Councillors are required to be impartial during the planning process in accordance with the East Suffolk constitution.	None.

James Parker	1) Do you normally participate in East Suffolk planning policy consultations?	Observation	Impending change in regulations	The proposals in the recent government White Paper 'Planning for the Future' have only recently been consulted on and so any potential changes to the planning system are likely to be some time away. Also, it is not yet known what changes may be the result of the White Paper. Therefore there is still a need for the Statement of Community Involvement to be developed.	None.
Nik Bestow	1) Do you normally participate in East Suffolk planning policy consultations?	Observation	Knowing they are happening (like this one) A questionnaire approaches. Seeing the output from the consultation. Action being taken in response to the consultation.	These comments have been noted. One of the aims of the Statement of Community Involvement is to promote plan making at the earliest possible stage to give the community the opportunity to engage so they can help determine the appropriate locations for development. The Statement of Community Involvement outlines the processes that are followed when producing planning policy documents. This includes periods of public consultation and producing documents which show how comments have been considered which must be met	None.

Karrie Langdon	1) Do you normally participate in East Suffolk planning policy consultations?	Observation	The increased pressure of people from urban areas wanting to move to rural areas due to covid-19 situation. The problems that it is causing with local people not be able to afford local housing. The increased pressure of visitors to the area due to a guardian article identifying this as a secret gem, and people travelling to a beach that was cheap. There was a negative impact on the locals living in the area, wildlife due to disturbance from uncontrolled dogs and people not caring that they were damaging an ISS area.	These comments go beyond the scope and remit of the Statement of Community Involvement.	None.

Question 2 – Multiple Choice Analysis

Most people find out about the preparation of planning policy documents through the Council's website, which reinforces the Statement of Community Involvement's continued use of this resource. A number of people also usually find out about consultations through the Council's social media platforms and reports in local newspapers, again showing the value of these outlets. Very few people said they find out about consultations at libraries or Customer Service Centres, however this is not surprising as we would expect the public to find out about the consultations through other means, then travel to these places to view to documents.

The written comments suggest that a few participants find out about the preparation of planning policy documents via emails from the Council, from their parish councillors or through village notice boards. Other responses suggested that Councillors and parish councils could be

used to further promote consultations and that the Council could make more use of online methods to promote participation. Both of these have been highlighted in the Statement of Community Involvement and will continue to be explored further.

Question 2 – Written Responses

Name/ Organisation	Question	Type of response	Comment Summary	Council Response	Action
Southwold Town Council (Jessica Jeans)	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I find out through our Parish Clerk who sends Councillors an email	These comments have been noted. Notifying Parish and Town Councils of new consultations is an important method of publicity the Council utilises and this is highlighted throughout the Statement of Community Involvement.	None.
Karrie Langdon	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	There are local publications such as Village Notices and emails that are sent out by Parish Clerks. These would get to more people who do not use social platforms like myself.	These comments have been noted. Notifying Parish and Town Councils of new consultations is an important method of publicity the Council utilises and this is highlighted throughout the Statement of Community Involvement.	None.
Aldringham- cum-Thorpe Parish Council (Eric Atkinson)	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Direct email to the clerk of the council	These comments have been noted. Parish and Town Councils are notified of new planning policy consultations as standard practice.	None.

David Thomas	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Notification by email	These comments have been noted. The Council does have a Local Plan and Related Documents Mailing List for the public to subscribe to in order to be updated on the progress of planning policy documents.	None.
Margaret Hallett	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Email. Post on village notice boards.	These comments have been noted. The Council does have a Local Plan and Related Documents Mailing List for the public to subscribe to in order to be updated on the progress of planning policy documents. This is highlighted in the Statement of Community Involvement and will continue to be an important aspect for publicising consultations.	None.
Nik Bestow	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	You seem to be making better use of social media (Facebook and Twitter) so more of this. Plus the parish council (Martlesham) has a good social media presence - asking them to forward things on works well. There is also a Parish Magazine	These comments have been noted. The Statement of Community Involvement highlights the importance of social media as one of the methods the Council should utilise to increase awareness of consultations.	None.

Trevor Barrell	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Use the local councillors to promote awareness of these consultations by using a cross section of the community to express their views. The councillors do not link the people's needs to the full council; they put forward their own views.	Councillors are required to be impartial during the planning process according to the East Suffolk constitution.	None.
Paul Garwood	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Easy, tell the Parish Councils	These comments have been noted. Parish and Town Councils are notified of new planning policy consultations as standard practice.	None.
Alison Ballantyne	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I don't because I do not subscribe to any of the above. I am responding today because you sent me an email. I suggest online accessible presentations. Make sure the presentation includes a mechanism for asking questions and ensuring the response gets to the right person as well as being seen on the site	These comments have been noted. The Statement of Community Involvement states that the Council will investigate the use of online forms of engagement, including online meetings. The Council appreciates that these can be very useful for some members of the community to engage.	None.

Julian Burton	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I can't see email in the above list - that's all I'll need in the future. You sent me an email telling me about these three new initiatives, but it appears my email wasn't registered. (I thought it was.)	These comments have been noted. Emails will continue to be used as an effective means to directly communicate with members of the public. The Council will encourage anyone who has an interest in planning policy consultations to sign up to the Local Plan and Related Documents Mailing List.	None.
Hilary Hill	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Email all council tax payers	Due to the regulations outlined in the General Data Protection Regulations, the Council can only use personal data for the purposes of which it was originally collected. Therefore, using data such as email addresses for planning matters that have been collected for the purposes of council tax payments would be against these regulations. The Council does have a Local Plan and Related Documents Mailing List for the public to subscribe to in order to be updated on the progress of planning policy documents.	None.

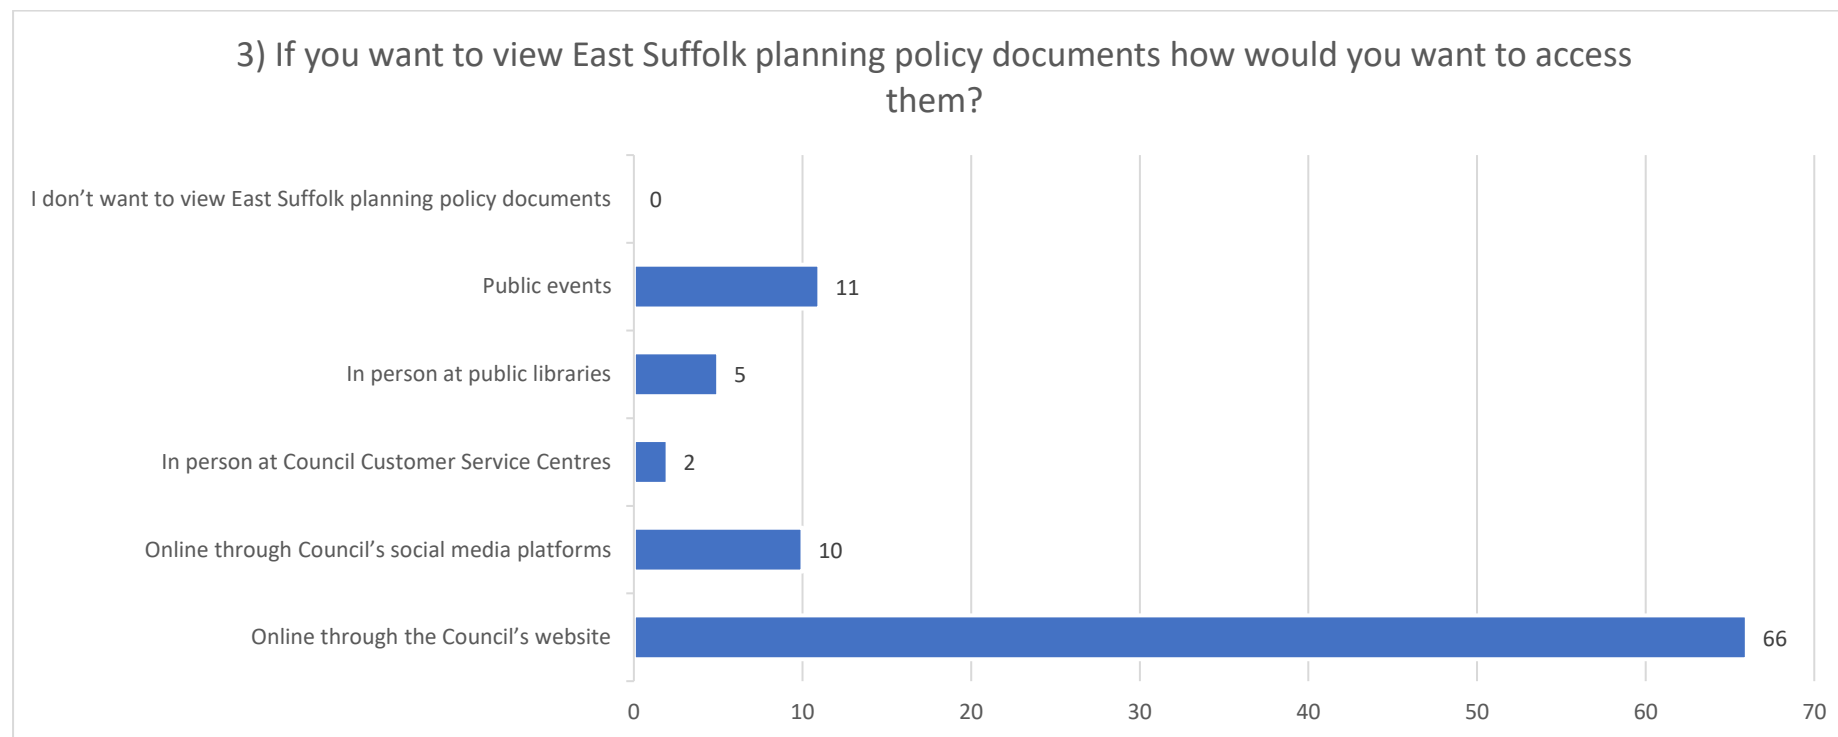

Jean Ellinor	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?		I hear via Parish Council. More localised targeting of issues affecting my village would be useful	These comments have been noted. The Statement of Community Involvement does outline some situations where more focussed consultation may be appropriate, such as during the production of a Supplementary Planning Document or Neighbourhood Plan.	None.
Alison Andrews	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	It is very hard to keep up with everything despite buying the EADT most days. So we may miss things	These comments have been noted.	None.
Andrew White	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	<p>Social media is obviously the modern means of getting the word out. Simply advertise the need to hold consultation and offer sufficient info to engage potential stakeholders.</p> <p>Getting people to link in with you to be able to get this information to hand is the key. No immediate answer as to how you would do this.</p>	These comments have been noted. The Statement of Community Involvement states that the Council will continue to explore the use of social media as a method of engaging the community.	None.

Suffolk Coast Acting for Resilience (Keith Martin)	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Create a voluntary consultation mailing list.	The Council does have a Local Plan and Related Documents Mailing List for the public to subscribe to in order to be updated on the progress of planning policy documents.	None.
Henning Sieverts	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I usually learn about consultations from the Council's emails, supplemented by The Woodbridge Society, of which I am a long-time member	These comments have been noted. Emails will continue to be used as an effective means to directly communicate with members of the public. The Council will encourage anyone who has an interest in planning policy consultations to sign up to the Local Plan and Related Documents Mailing List.	None.
Kevin Cross	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	<p>Identify most popular social media pages / sites in locality and then:</p> <p>No good using boring local authority speak. To evoke a meaningful response the consultation for Local Plan needs to be in modern day ordinary language which conveys the real and likely possibility of what might happen</p>	These comments have been noted. The Statement of Community Involvement states that the Council will continue to explore the use of social media as a method of engaging the community. The Council will always endeavour to use plain English and to keep documents as concise as possible. However national Regulations set out requirements that documents must meet in order to be	None.

				adoptable. This does mean that, in some cases, technical language and certain aspects or parts of documents may be needed in order for the Council to be able to legally adopt them.	
Helga Ballam	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I sometimes get emails about planning policies	These comments have been noted.	None.
Lorna Goodwin	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	Email notifications Door drops Encouraging sign up to social media accounts where posted	These comments have been noted. The Council does have a Local Plan and Related Documents Mailing List for the public to subscribe to in order to be updated on the progress of planning policy documents. Leafletting and door dropping is a process that the Council has made use of, however the process uses a great deal of Council resources and so is not often viable for many of the processes outlined in the Statement of Community Involvement. While the Council can use this method when it is	None.

				possible, it can only do so when it is viable.	
Kristen Hecktermann	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I get emails from my local councillors	These comments have been noted.	None.
Lindsay Frost	2) How do you usually find out about the preparation of East Suffolk Planning Policy documents?	Observation	I receive emails with the documents from the council	These comments have been noted. Emails will continue to be used as an effective means to directly communicate with members of the public. The Council will encourage anyone who has an interest in planning policy consultations to sign up to the Local Plan and Related Documents Mailing List.	None.

Question 3 – Multiple Choice Analysis

The majority of respondents to this question want to access planning policy documents through the Council's website. The use of the Council's social media platforms and/or at public events was also highlighted. A smaller number of respondents still wish to view documents at libraries and Customer Service Centres. This shows that a variety of methods should be used to allow the public to view documents how they prefer, which is the approach being taken in the Statement of Community Involvement.

Written responses suggested a number of factors that could further encourage the public to view documents. This includes better communication and publicity, more public events and keeping documents concise and easy to read. All of these issues have been highlighted in the Statement of Community Involvement and changes have been made to ensure that consultations are promoted and publicised as widely as possible.

Question 3 – Written Responses

Name/ Organisation	Question	Type of response	Comment Summary	Council Response	Action
Yvonne Smart	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	Online through the Council's website – this can be a problem at times.	These comments have been noted. The Council's website is one of the key outlets that the Council can utilise when promoting consultations and to directly engage with the public. All documents being publicised for consultation will be available on the website.	None.
Warwick Faville	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	I do want to see them.	These comments have been noted.	None.
David Robertson	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	Better communication of how policies affect normal people. Many people do not get involved in such things until they want to submit their own planning application and/or they hear about a big scheme proposed locally which they do not want/like	These comments have been noted. One of the aims of the Statement of Community Involvement is to promote plan making at the earliest possible stage to give the community the opportunity to engage so they can help determine the appropriate locations for development.	None.

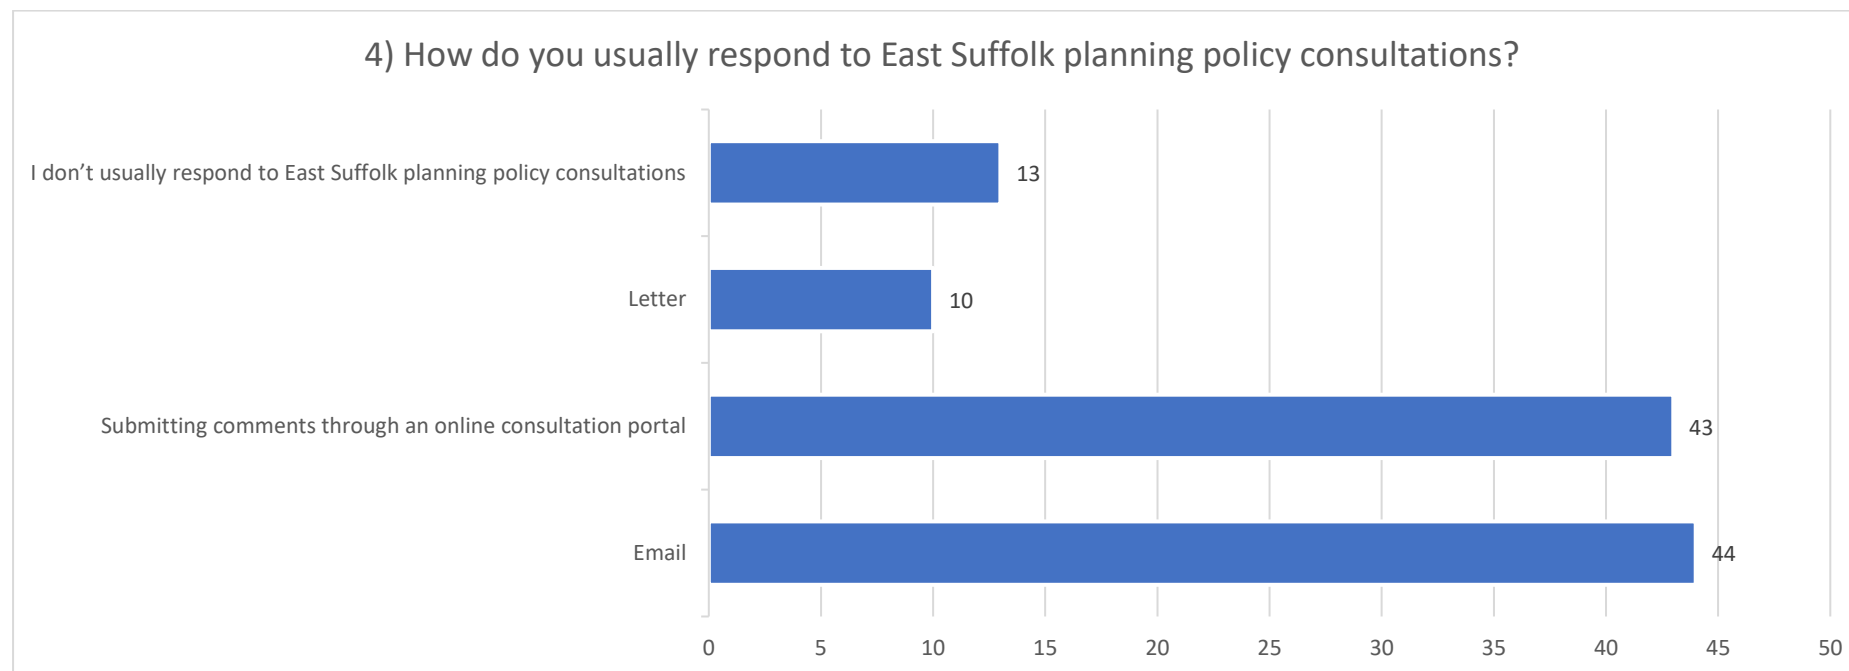

Trevor Barrel	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	Introduce a public event which is pertinent to the people who are concerned about the topic. This could include people who do not have computers and have no connection to the council other than via the councillor who SHOULD REPRESENT THEIR VIEWS but most of the time do not	The Council appreciates that not everyone will have access to the internet. The Council will always organise public exhibitions so as many people as possible would be able to attend. Virtual exhibitions can be very useful for reaching a large audience who may not be able to attend an event in person, however using both virtual and physical exhibitions would be the best practice to ensure as many members of the public can attend as possible. Councillors are required to be impartial during the planning process, such as at a planning committee, according to the East Suffolk constitution.	Further references to the use of both physical and virtual exhibitions and workshops has been added throughout the Statement of Community Involvement.
Jon Carter	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	Personal involvement; interest	These comments have been noted.	None.

However, the COVID-19 crisis has meant that some of the methods often used by the Council to consult (such as the provision of physical copies of documents in libraries) has not been possible due to social distancing restrictions. In the short term, in order to mitigate the impact of the restrictions, the Council introduced a number of alternative measures to ensure continued involvement in consultations. These measures are only temporary, and the normal methods outlined in the Statement of Community Involvement will be reinstated once it is safe to do so.</p>	<p>None.</p>

Holding physical copies of documents at public libraries is just one of the methods the Council will utilise when it is safe to do so.	
Steve Wynn	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	Please make them less complicated. Half the time people don't bother because it's an absolute minefield... or is that done on purpose?	The Council will always endeavour to use plain English and to keep documents as concise as possible. However national Regulations set out requirements that documents must meet in order to be adoptable. This does mean that, in some cases, technical language and certain aspects or parts of documents may be needed in order for the Council to be able to legally adopt them.	None.
Kevin Cross	3) If you want to view East Suffolk planning policy documents how would you want to access them?	Observation	I am a local planning nerd. Most people aren't. So, get on popular local social media pages and put a notice. No good using boring local authority speak. To evoke a meaningful response the	These comments have been noted. The Council will make use of its own social media platforms to publicise consultations when this is appropriate. Question 4 – Multiple Choice Analysis

The majority of participants respond to planning policy consultations via email or through an online consultation portal. This reinforces the importance of using these methods and exploring ways they can be improved. Some members of the public continue to prefer using letters, and therefore this option should continue to be offered. A significant proportion of the responses said they do not usually respond to planning policy consultations.

The written responses to this question highlight a number of considerations that could encourage greater response rates. This includes making the public aware of how their comments have been taken into account, greater publicity of consultations, and keeping documents concise and easy to read. As stated previously, the Statement of Community Involvement highlights all of these issues and further changes have been made to ensure that consultations are promoted and that the public are aware of how the Council have taken comments into account.

Question 4 – Written Responses

Name/ Organisation	Question	Type of response	Comment Summary	Council Response	Action
Karrie Langdon	4) How do you usually respond to East Suffolk planning policy consultations?	Objection / Observation	I would respond if I really thought that my opinions would make a difference. The national house building policy does not seem to consider if building the houses in an area can be supported by existing infrastructure or local facilities. Many of the houses that are built here are used as a holiday homes and thereby destroying a village. Local people cannot afford the expensive homes that are being given planning permission and then there is a problem of people/businesses who have bought houses and they remain vacant for years. Lastly, we are being pushed to identify land to build on, planning permission is given and then the site remains undeveloped. We are told that the housing need is critical, and more land is needed. Why should we build more houses, when the actions of developers	The Statement of Community Involvement outlines the process that is followed when producing planning policy documents and determining a planning application. This includes periods of public consultation which must be met for the document to be adopted or the application to be legally determined. All comments received are considered during these processes. Infrastructure capacity is a key consideration when both allocating sites for development in the Local Plan and when determining planning applications. In both cases the Council will approach the key providers of services and infrastructure to determine the current capacities of each and if the proposed development would push these services to over-capacity. If there is a need for capacity to be increased, this will be considered in relation to the development.	None.

Warwick Faville	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	I respond via The Woodbridge Society.	These comments have been noted.	None.
David Robertson	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	Easy format. Use of letter, email or online form.	These comments have been noted. The Council will continue to provide multiple options for the public to respond to public consultations, including emails and letters. The Council also uses an online consultation portal to allow members of the public to make direct comments about a document that are then saved and submitted automatically.	None.
Nik Bestow	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	Knowing they exist. Being able to respond via an on-line consultation portal that is easy to use	These comments have been noted. The Council will continue to make use of online options for the public to respond to consultations. The Council uses an online consultation portal to	None.

				allow members of the public to make direct comments about a document that are then saved and submitted automatically.	
Trevor Barrell	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	Getting the correct information relevant to the area in which I live.	The Statement of Community Involvement does outline some situations where more focussed methods of engagement may be utilised, such as during the productions of a Supplementary Planning Document or Neighbourhood Plan where it may not be appropriate to cover the entirety of East Suffolk if the document does not do so.	None.
Steve Wynn	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	Again, if you actually listened instead of just going ahead with a particular housing development despite local protest/concerns, otherwise what's the point?	The Statement of Community Involvement outlines the process that is followed when determining a planning application. This includes periods of public consultation which must be met for the application to be legally determined. This does mean that, in some cases, technical language and certain aspects or parts of documents may be needed in order for the Council to be able to legally adopt them.	None.
Christopher Burslem	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	Relevance.	These comments have been noted.	None.

Helga Ballam	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	Response process often too long and I feel it doesn't actually make any difference what I contribute	The Statement of Community Involvement states that the Council will endeavour to make planning processes as simple and easy to understand as possible. One of the aims of the Statement of Community Involvement is to provide clarity as to the roles and processes of the planning service, which the Council appreciates can be complex. All comments received during any consultation are considered and, if material issues are raised, changes will be made where relevant. The Council produces consultation statements following most planning policy consultations, which outline the responses received during the consultation and any resulting changes to the relevant document.	The Statement of Community Involvement has been changed to highlight the importance of consultation statements and that these will be promoted to show how comments have been considered.
Kristen Heckterman	4) How do you usually respond to East Suffolk planning policy consultations?	Observation	I would also like to see letters through the door because many Other people Still would have no idea about changes to plans or any notifications and especially during this time may not be able to get daily local newspapers	Leafletting and door dropping is a process that the Council has previously made use of, however the process is resource intensive and therefore often not viable for many of the processes outlined in the Statement of Community Involvement. While the Council	None.

Question 5 – Multiple Choice Analysis

Responses to this question indicated that respondents would participate in a variety of consultation methods and events, with a particularly positive response to interactive online options. The SCI states that a variety of methods, both digital and not, will be utilised during public consultations to give the public the opportunity to use the methods that suit them. The Statement of Community Involvement also states that the Council will continue to explore new methods of engagement as they become available.

In the written responses to this question some alternative methods were suggested, such as new smart phone applications, and greater use of Parish and Town Councils. The Statement of Community Involvement states that the Council will explore new methods as they become available and that local councils will be engaged at the earliest opportunity.

Those that opted for none of the above gave a number of suggestions that could encourage their participation. This included the use of emails, raised issues with the Council's use of technical language and suggested councillors could be used to represent the views of the community. They also raised concerns around the use of interactive online documents and other methods, which can put some members of the public off participating. This highlights the importance of using a variety of methods which the Statement of Community Involvement endeavours to so.

Leafletting and door dropping is a process that the Council has made use of, however the process uses a great deal of Council resources and so is not often viable for many of the processes outlined in the Statement of Community Involvement. While the Council can use this method when it is possible, it can only do so when it is viable.	None.

Observation	I would use online interactive documents if able to comment at any point in the document and no limit on the number of characters. Trevor Barrell	5) In the future, would participate in any of the following events or types or document? - If none of the above, what would encourage you to do so?	Observation	Change the way the councillors work so that they represent the needs of the people and not their political party	Councillors are required to be impartial during the planning process, such as at a planning committee, according to the East Suffolk constitution.	None.
Kevin Cross	5) In the future, would participate in any of the following events or types or document? - If none of the above, what would encourage you to do so?	Observation	No good using boring local authority speak. To evoke a meaningful response the consultation for Local Plan needs to be in modern day ordinary language which conveys the real and likely possibility of what might happen.	The Council will always endeavour to use plain English and to keep documents as concise as possible. However national Regulations set out requirements that documents must meet in order to be adopted. This does mean that, in some cases, technical language and certain aspects or parts of documents may be needed in order for the Council to be able to legally adopt them.	None.

Question 6 – Multiple Choice Analysis

All participants stated that they are likely to respond to future consultations, with the majority preferring to either email, or submit comments online. There was also support for the use of interactive documents and maps, showing that the Council should continue to explore the use of

these methods. Some members of the public still wish to submit comments by letter, or in person at public events, and these methods will continue to be offered.

Again, other methods suggested included new smartphone applications, and greater use of local councils and organisations. These have both been highlighted in the Statement of Community Involvement.

One comment was submitted by someone answering the second part of the question, which asked what would encourage them to participate in the future if they do not wish to participate now. The issue raised here surrounded the use of technical language, which the Statement of Community Involvement highlights and the Council will continue to explore how to make documents more accessible.

Question 7 – Written Responses (No Multiple Choice Analysis)

Name/ Organisation	Question	Type of response	Comment Summary	Council Response	Action
Norman Castleton	7) General comments about East Suffolk' approach to planning policy consultations.	Observation	There should be a more general use of notices in local newspapers and magazines.	The Council agrees that press releases are extremely valuable for informing members of the community of consultations, especially those without access to the internet. However, it should also be noted that it is not within the Councils control whether they are reported or not. However, the Council will continue to make use of them.	The use of press releases has been reinforced throughout the document, including at the different stages of production of planning policy documents. It has also been stated that the reporting of press releases is not within the control of the Council, however we will continue to make use of them.
Marya Parker	7) General comments about East Suffolk' approach to planning policy consultations.	Support / Observation	I am grateful for the notifications alerting me to consultations, which enable me to participate. Without these I would not know that consultations are open. Maybe email notifications to council taxpayers would enable others who would not normally contribute to do so.	These comments have been noted. Due to the regulations outlined in the General Data Protection Regulations, the Council can only use personal data for the purposes of which it was originally collected. Therefore, using data such as email addresses for planning matters that have been collected for the purposes of council tax payments would be against these regulations	None.

Southwold Town Council (Jessica Jeans)	7) General comments about East Suffolk' approach to planning policy consultations.	Support	East Suffolk does a good job consulting on planning documents	These comments are noted.	None.
Rosemary Simpson	7) General comments about East Suffolk' approach to planning policy consultations.	Observation	The SCI document is hard to find - needs to be simpler routes in finding documents.	The Council's website is currently being reviewed to make it easier to navigate. This has included a new page which includes links to the current and past consultations in one place. However, due to the number of service areas that the Council covers, the planning service only has influence over its relevant sections of the website. Therefore, it is currently not possible to simplify the rest of the website.	None.

Parish Councils	Local councils play a vital role in the planning service as advocates for the views of the local community, and will continue to be engaged as much as possible on planning matters. 	<p>planning policy consultations.</p>		<p>should have a similar forum to the authority’s developers’ forum. We believe face-to-face discussion is more useful/effective than written submission.</p> <p>Referral Panel is unfair – the panel is not open to the public; there is no record of discussion; it is not accountable or transparent. Where a Parish Council or Ward member makes considered representations, the application should go straight to committee.</p> <p>Welcome use of IT throughout process, but on-line plans should have a scale</p>	<p>Informing the relevant Town and Parish Councils is standard practice when publicising a planning policy document or a planning proposal. The Council does hold a Town and Parish Forum as outlined in the Statement of Community Involvement. The comment referring to the referral panel is outside the scope and remit of the Statement of Community Involvement. The consultation software currently used is developed by a third party. Therefore the Council can not change some of the features of these systems themselves. The Council has a Local Validation List which sets out what documents are requiring to enable an application to be submitted.</p>

			<p>bar.</p> <p>Direct on-line representations have no formatting.</p> <p>Development Management – need to ensure that plans are checked before accepted for determination. Had instances where plans have been deliberately drawn to mislead. This is fraud – not just some minor mistake. You need to take it seriously and report offenders to their professional bodies. Planners should pick up errors not Parish Councillors and neighbours.</p>

<p>John Fothergill</p>	<p>7) General comments about East Suffolk' approach to planning policy consultations.</p>	<p>Observation</p>	<p>It is essential that consultation is online, time extended and backed by good paper communications during reduced contact times.</p>	<p>The COVID-19 crisis has meant that some of the methods often used by the Council to consult (such as the provision of physical copies of documents in libraries) has not been possible due to social distancing restrictions. In the short term, to mitigate the impact of the restrictions, the Council has introduced a number of alternative measures to ensure continued involvement in consultations. These measures are temporary, and the normal methods outlined in the Statement of Community Involvement will be reinstated once it is safe to do so.</p>	<p>None.</p>

<p>Ms Cresswell</p>	<p>7) General comments about East Suffolk' approach to planning policy consultations.</p>	<p>Observation</p>	<p>Ensure that there is no more development on green field sites. We have lost so much natural and farmland.</p> <p>The Council needs to listen to the public.</p>	<p>These comments have been noted. All comments submitted during public consultations are considered by the Council. However, the Council can only consider matters that are listed as 'Material Considerations' which are determined at the national level. The Council can not make decisions on planning matters by referencing matters not considered to be 'Material Considerations' and must consider the planning balance when determining proposals.</p>	<p>None.</p>

				<p>government White Paper 'Planning for the Future' have only recently been consulted on and so any potential changes to the planning system are likely to be some time away. Also, it is not yet known what changes may be the result of the White Paper. Therefore there is still a need for the Statement of Community Involvement to be developed.</p>
