Reasons: In order that the local planning authority may retain control over this development/site in the interests of amenity and the protection of the local environment.

6. The working hours in connection with the use/buildings hereby permitted, shall not be other than between 7am and 7:30pm Monday to Friday and between 7am and 1pm on Saturdays; and no work shall be carried out on Sundays, or Bank Holidays, or outside the specified hours, unless otherwise agreed by the local planning authority.

Reason: In the interests of amenity and the protection of the local environment.

7. No more than 12 Heavy Good Vehicle (HGV) movements shall take place on Monday to Friday during the hours of 5:30am and 7:00am or between 6:00am to 7:00 am on Saturdays (a maximum of 12 movements each day), unless otherwise agreed by the Local Planning Authority. Between 7am and the close of the HGV working hours set out condition 8, there is no restriction on the maximum number of HGV movements that can take place.

Reason: In the interests of residential amenity.

8. Heavy Good Vehicle (HGV) movements shall only take place between the hours of 5:30am and 7:30pm Monday to Friday, and between 6:00am and 1:00pm on Saturdays, with no HGV movements on Sundays or Bank Holidays (subject to the numbers restriction during early mornings outlined in condition 7), unless otherwise agreed by the Local Planning Authority.

Reason: In the interests of residential amenity

9. Prior to the installation of air conditioning, extract ventilation, refrigeration or any other fixed plant, details of the equipment, its location, acoustic housing and any vibration isolation measures, shall be submitted to the Local Planning Authority and only approved plant shall be installed and retained in the approved from thereafter.

Reason: In the interests of residential amenity and protection of the local environment.

10. Any ventilation, air conditioning or similar plant/equipment shall only be switched on between 7am to 7:30pm Monday to Friday, or between 7am and 1pm on Saturdays. They shall be switched off at all other times including overnight, and on Sundays and Bank Holidays, when the site is not operational, unless otherwise agreed by the Local Planning Authority.

Reason: In the interests of residential amenity and protection of the local environment.

11. The use shall not commence until the area(s) within the site on Drawing Number 4578-PL1 Rev P3 for the purposes of Loading, Unloading, manoeuvring and parking of vehicles has been provided and thereafter that area(s) shall be retained and used for no other purposes.

Reason: To ensure that there are adequate parking facilities to serve the development. To enable vehicles to enter and exit the public highway in forward gear in the interests of highway safety

12. Prior to either of the hereby approved buildings being first occupied, full and precise details of the areas/structures to be provided for secure covered cycle storage shall be submitted to and approved by the Local Planning Authority. The approved scheme shall be carried out in its entirety before either of the hereby approved buildings are brought into use. The secure cycle storage shall be retained thereafter and used for no other purpose.

Reason: To enable employees and visitors to have access to safe and secure storage for cycles in the interest of assisting in the use of this sustainable form of transport.

13. Within 3 month(s) of commencement of development, precise details of a scheme of landscape works (which term shall include tree and shrub planting, grass, earthworks, hard surfaces etc, and other operations as appropriate) at a scale not less than 1:200 shall be submitted to and approved in writing by the local planning authority.

Reason: To ensure that there is a well laid out landscaping scheme in the interest of visual amenity.

14. The approved landscaping scheme shall be implemented not later than the first planting season following commencement of the development (or within such extended period as the local planning authority may allow) and shall thereafter be retained and maintained for a period of 5 years. Any plant material removed, dying or becoming seriously damaged or diseased within five years of planting shall be replaced within the first available planting season and shall be retained and maintained.

Reason: To ensure the submission and implementation of a well-laid out scheme of landscaping in the interest of visual amenity.

15. The mitigation measures outlined in the hereby approved "Preliminary Ecological Appraisal (Applied Ecology, June 2019)" shall be implemented in their entirety.

Reason: To safeguard biodiversity and protected species in accordance with SP14 and DM27 of the Suffolk Coastal District Local Plan - Core Strategy and Development Management Development Plan Document (2013) and the National Planning Policy Framework (2012).

16. Prior to the commencement of development details of an external lighting scheme for the construction phase (including position and height of mounting features, height and angle of lights including aiming points, light fixing type, size and appearance, the luminance levels, and hours of use) shall be submitted to and approved by the Local Planning Authority. This scheme shall thereafter be implemented and no additional external lighting shall be installed, apart from that agreed under condition 17.

Reason: In the interests of amenity, and protection of the local rural environment, including the ecological environment.

17. Prior to the use commencing, details of an external lighting scheme (including position and height of mounting features, height and angle of lights including aiming points, light fixing type, size and appearance, the luminance levels and hours of use) shall be submitted to and approved by the Local Planning Authority. This scheme shall thereafter be implemented and no additional external lighting shall be installed.

Reason: In the interests of amenity, and protection of the local rural environment, including the ecological environment.

18. No development shall commence until details of the strategy for the disposal of surface water on the site have been submitted to and approved by the local planning authority.

Reason: To ensure that the principles of sustainable drainage are incorporated into this proposal, to ensure that the proposed development can be adequately drained, without adversely affecting the Sinks Pit SSSI.

19. No development shall commence until details of the implementation, maintenance and management of the strategy for the disposal of surface water on the site have been submitted to and approved by the local planning authority. The strategy shall be implemented and thereafter managed and maintained in accordance with the approved details.

Reason: To ensure clear arrangements are in place for ongoing operation and maintenance of the disposal of surface water drainage.

20. The development hereby permitted shall not be occupied until details of all Sustainable Drainage System components and piped networks have been submitted, in an approved form, to and approved by the Local Planning Authority for inclusion on the Lead Local Flood Authority's Flood Risk Asset Register.

Reason: To ensure that the Sustainable Drainage System has been implemented as permitted and that all flood risk assets and their owners are recorded onto the LLFA's statutory flood risk asset register as per s21 of the Flood and Water Management Act 2010 in order to enable the proper management of flood risk with the county of Suffolk
(<https://www.suffolk.gov.uk/roads-and-transport/flooding-and-drainage/flood-risk-asset-register/>)

21. No development shall commence until details of a Construction Surface Water Management Plan (CSWMP) detailing how surface water and storm water will be managed on the site during construction (including demolition and site clearance operations) is submitted to and agreed in writing by the local planning authority. The CSWMP shall be implemented and thereafter managed and maintained in accordance with the approved plan for the duration of construction. The approved CSWMP and shall include:

- a. Method statements, scaled and dimensioned plans and drawings detailing surface water management proposals to include :-
- i. Temporary drainage systems
 - ii. Measures for managing pollution / water quality and protecting controlled waters and watercourses
 - iii. Measures for managing any on or offsite flood risk associated with construction

Reason: To ensure the development does not cause increased flood risk, or pollution of watercourses or groundwater, or adversely affect the Sinks Pit SSSI.

22. No drainage systems for the infiltration of surface water to the ground are permitted other than with the written consent of the local planning authority. Any proposals for such systems must be supported by an assessment of the risks to controlled waters. The development shall be carried out in accordance with the approved details.

Reasons To ensure that the development does not contribute to, and is not put at unacceptable risk from or adversely affected by, unacceptable levels of water pollution caused by mobilised contaminants. This is in line with paragraph 170 of the National Planning Policy Framework, and to also ensure that the Sinks Pit SSSI is not adversely affected by changes to ground water flows and/or sources of contamination.

23. No development approved by this planning permission shall commence until a remediation strategy to deal with the risks associated with contamination of the site in respect of the development hereby permitted, has been submitted to, and approved in writing by, the local planning authority. This strategy will include the following components:
1. A site investigation scheme, to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off-site.
 2. The results of the site investigation and the detailed risk assessment. An options appraisal and remediation strategy, based on these results, must give full details of the remediation measures required and how they are to be undertaken.
 3. A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in the remediation strategy are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Any changes to these components require the written consent of the local planning authority. The scheme shall be implemented as approved.

Reason: To ensure that the development does not contribute to, and is not put at unacceptable risk from or adversely affected by, unacceptable levels of water pollution in line with paragraph 170 of the National Planning Policy Framework, and to also ensure that the Sinks Pit SSSI is not adversely affected by changes to ground water flows and/or sources of contamination.

24. Prior to any part of the development scheme being brought into use a verification report demonstrating the completion of works set out in the approved remediation strategy and

the effectiveness of the remediation shall be submitted to, and approved in writing, by the local planning authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met.

Reason: To ensure that the site does not pose any further risk to human health or the water environment by demonstrating that the requirements of the approved verification plan have been met and that remediation of the site is complete. This is in line with paragraph 170 of the National Planning Policy Framework and to also ensure that the Sinks Pit SSSI is not adversely affected by changes to ground water flows and/or sources of contamination.

25. If, during development, contamination not previously identified is found to be present at the site then no further development (unless otherwise agreed in writing with the local planning authority) shall be carried out until a remediation strategy detailing how this contamination will be dealt with has been submitted to, and approved in writing by, the local planning authority. The remediation strategy shall be implemented as approved.

Reason: To ensure that the development does not contribute to, and is not put at unacceptable risk from or adversely affected by, unacceptable levels of water pollution from previously unidentified contamination sources at the development site. This is in line with paragraph 170 of the National Planning Policy Framework, and to also ensure that the Sinks Pit SSSI is not adversely affected by changes to ground water flows and/or sources of contamination.

Informatives:

1. The Local Planning Authority has assessed the proposal against all material considerations including planning policies and any comments that may have been received. The planning application has been approved in accordance with the objectives of the National Planning Policy Framework and local plan to promote the delivery of sustainable development and to approach decision taking in a positive way.
2. This planning permission contains condition precedent matters that must be discharged before the development approved is commenced, or any activities that are directly associated with it. If development commences without compliance with the relevant conditions(s) you will not be able to implement the planning permission & your development will be deemed unauthorised. An application under Section 73 of the Town & Country Planning Act 1990 will be required to amend the relevant condition(s) before development continues. You are strongly recommended to comply with all conditions that require action before the commencement of development.
3. The applicant is advised that the granting of planning permission for the hereby approved development does not override any other legislation, private access rights or land ownership issues which may exist. The onus rests with the owner of the property to ensure they comply with all the necessary legislation (e.g. building regulations and acts relating to environmental

DX: 41220 Lowestoft

protection) and it is the applicants/developers responsibility to ensure that comply with all the necessary legislative requirements, and obtain all the necessary consents/permits.

4. The applicant is advised that a public right of way crosses the application site or adjoins the application site (Footpaths 2 and 14) and nothing in this permission shall authorise the stopping up, diversion or obstruction of that right of way. The applicants should apply to Suffolk Coastal District Council if they want the public right of way to be diverted or stopped up. It is an offence under the Highways Act 1980 to obstruct the route or damage/alter the surface of the right of way without the prior written consent of the Highway Authority, either during the construction of the development or beyond. If any development work conflicts with the safe passage of pedestrians or other users of the right of way, the applicants will need to apply to the Highway Authority for a temporary closure of the right of way. In that event you are advised to contact the East Area Rights of Way Officer, Environment & Transport, County Buildings, Street Farm Road, Saxmundham, Suffolk, IP17 1AL. Tel: 01728 403079
5. Note: It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the Highway Authority.

Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by the County Council or its agents at the applicant's expense.

The County Council's East Area Manager must be contacted on Telephone: 01728 652400. Further information can be found at: www.suffolk.gov.uk/environment-and-transport/highways/dropped-kerbs-vehicular-accesses/

A fee is payable to the Highway Authority for the assessment and inspection of both new vehicular crossing access works and improvements deemed necessary to existing vehicular crossings due to proposed development.

6. The applicant is advised that the proposed development may require the naming of new street(s) and numbering of properties/businesses within those streets and/or the numbering of new properties/businesses within an existing street. This is only required with the creation of a new dwelling or business premises. For details of the address charges please see our website www.eastsuffolk.gov.uk/planning/street-naming-and-numbering or email llpg@eastsuffolk.gov.uk
7. The trees adjacent to and overhanging the access road are protected by Tree Preservation Order ESCC No 20 (1950). It is an offence to undertake works to the trees without prior written consent from the Local Planning Authority. Consent is required prior to the trees being lopped, topped, pruned, uprooted, felled, wilfully damaged or in any other way destroyed, damaged or removed.

8. It is recommended that the operators of the site, seek to direct all drivers eastwards from the site along the A1214 to join the main road network, and only direct west along the A1214 if they are travelling to sites in East Ipswich, Kesgrave or Rushmere St Andrew.
9. It is requested that the operators of the site encourage staff to car share, use public transport, cycling and walking to get to the site, wherever possible in order to improve the sustainability of the site and its impact upon greenhouse gas production.
10. The applicants attention is drawn to the comments in Fire and Rescue Service Letter regarding Fire Hydrant Provision, sprinkler systems, hardstanding for appliances, and requirements of building Regulations, and these features are incorporated where possible.
11. The applicant is advised that the application site lies in close proximity to the Sinks Pit Site of Special Scientific Interest (SSSI). Care should be taken during construction to ensure that machinery and materials do not enter that area.
12. The applicant is advised that replacement fascia advertisements fixed to the building and any other advertisements on and/or around the premises may require advertisement consent under the Town and Country Planning (Control of Advertisements) (England) Regulations (2007). Informal guidance on the possible need for consent can be sought via the 'Interactive Terrace' at https://www.planningportal.co.uk/info/200125/do_you_need_permission or from the Local Planning Authority by submitting an application for 'pre-application advice', details of which can be obtained via <http://www.eastsuffolk.gov.uk/planning/planning-applications/pre-application-planning-advice/>
13. The applicant is advised that the bunding and vegetation which lie to the north and northwest of the application were required as part of the restoration works on a previous planning permission relating to Sinks Pit and were controlled by conditions on that consent (C97/1501). These areas lie beyond the boundaries of the current application site and therefore this consent does not authorise any works to those areas.
14. Public Utility apparatus may be affected by this proposal. Contact the appropriate utility service to reach agreement on any necessary alterations, which have to be carried out at the expense of the developer.
15. Any works to a watercourse may require consent under section 23 of the Land Drainage Act 1991
16. Any discharge to a watercourse or groundwater needs to comply with the Water Environment (Water Framework Directive) (England and Wales) Regulations 2017

Please read notes below

Note

Most work, including change of use, has to comply with Building Regulations. Have you made an application or given notice before work is commenced?

Town and Country Planning Act 1990

Notification to be sent to an applicant when a local planning authority refuse planning permission or grant it subject to conditions

Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
Planning applications: Sections 78 and 79 Town & Country Planning Act 1990

Listed Building applications: Section 20, 21 and 22 Planning (Listed Buildings and Conservation Areas) Act 1990.

Advertisement applications: Section 220 and 221, Town and Country Planning Act 1990
Regulation 15 Town & Country Planning (Control of Advertisements) Regulations 1989.
- If an enforcement notice has been/is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within:
28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.
- As this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed
